## Advising Guide for Fire Science

## Fall 2013

Please advise all incoming freshman who are enrolling in the Fire Science program to take the following classes:

CRN	Name		Credit Hours
20929	FST 101	Firefighter 1	9
20931	FST 107	Hazardous Materials Operations	3
20586	FSW 100	S-190 Intro to Wildland Fire	1
20587	FSW 101	S-130 Firefighting Training	2
20995	HPR 102	CPR for Professionals (Fire Academy)	.5
20967	PED 112	Condition Lab (Fire Academy)	1
			16.5 Total

These courses together constitute the Firefighter I Academy. If they desire to take another class enroll them in Reading 30, 60, or 90 if they need it. If they do not need a Reading class please enroll them in any 30, 60, or 90 course they require. If they do not require any college preparatory classes please enroll them in one of the following:

20938 FST 106	Fire Prevention	3
20937 FST 204	Principles of Code Enforcement	3

Thank you for all your hard work on advising days. Please feel free to share my cell number with the students you advise for the Fire Science program. I will need to contact them prior to the beginning of the Academy so if you do advise a fire science student would you please pass on their contact information
