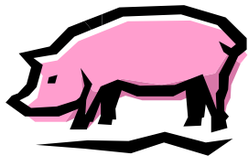
Summer FUN at Northeastern …….

Science…

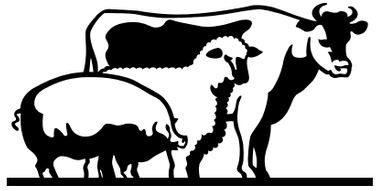
Vet Science



Mammals – humans, dogs, pigs, cows and many others are all mammals. Have you ever wondered why all mammals are so different? Have you ever wondered how animals function differently than humans? If so, this is the course for you! We will dive into the inner workings of the heart, stomach, and reproductive tract of various animals and compare them to humans. This program is made possible through a partnership with CSU Extension. Instructor is Megan Jedlicka.
Grades 6,7,8
Tuesday June 25 thru Thursday June 27
10:45am-12:15pm
Cost ~ $30

The Basic Science of Animals

This course will be an introduction to the inner workings of mammals! We will compare size and function of hearts, brains, and stomachs of humans, pigs, sheep and cows. There will also be a lesson on embryology. Loads of fun and learning!! This program is made possible through a partnership with CSU Extension. Instructor is Megan Jedlicka.
Grades 3,4,5
Tuesday June 25 thru Thursday June 27
9:00-10:30am
Cost ~ $30



Your Own Greenhouse

Build a miniature greenhouse that will be able to hold a flat of bedding plants and plant a flat of seeds for the greenhouse. The class will cover science, mathematics, engineering, and agronomy. Each student will go home with a greenhouse. The instructor is Brian Kailey, CSU Extension Agent, 4H Youth and Horticulture.

Grades 6,7,8
Monday July 15 thru Wednesday July 17
9:00am-12:00pm
Cost ~ $40

CSI Investigators

Want to do a criminal investigation? What about exploring and evaluating a crime scene? Join in and learn about forensic anthropology, by doing a mock criminal investigation. Students will step onto the crime scene and dig up evidence. Instructor is Jeff Schiel.

Grades 4,5,6
Tuesday July 16 thru Thursday July 18
9:00-10:30am
Cost ~ $30

Grades 7,8
Monday July 22 thru Wednesday July 24
9:00-10:30am
Cost ~ $30

Exercise Physiology: Anatomy of a Professional Athlete

Students will learn major muscles and their actions. They'll identify key muscles for specific sports and determine which muscles should be targeted during training along with specific exercises that would enhance an athlete's performance. Instructor is Aaron Briggs.

Grades 5,6
Monday, July 8 and Tuesday, July 9
9:00-11:00am
Cost ~ $30

Wind Tower Camp

Ever wonder what it's like working on a wind tower? What does it feel like to stand 300 feet on top of a wind tower? Do you like to get dirty and do you like to fix things? Do you want to make your own electricity? Then wind-camp is definitely for you! Be one of the lucky young students in the world who will get a glimpse of the wind industry. Climb on our tower trainer and get firsthand experience to see how exciting the wind industry is. We will show you the importance of climbing gear and teach you electrical safety. Work with other students to rescue trapped victims hanging over the side and stuck in a man hole! Create simple electrical machines to do your bidding! Space is limited! Instructors are Jason Hazlett and Jim Lenzen.

Grades 7,8,9
Monday July 8 thru Thursday July 11
8:00-11:00am
Cost ~ $40

Fitness + Math = SUCCESS!

Would you like to incorporate math with baseball and kickball? What about running and hopping math? You will reinforce your math skills and improve physical skills such as throwing, running and jumping. Researchers have repeatedly found connections between physical activity and brain health. Join Kari Mueller for working out your body and mind!

Grades 2,3,4
Monday June 17 thru Wednesday June 19
10:00-11:30am
Cost ~ $30

Swing into Summer: Golf Class

Geared for golfers of all abilities, this course will concentrate on fundamentals as well as rules and etiquette. The course will consist of three days of learning skills and one-on-one instruction. The final day will be spent on the course at Northeastern 18 playing a few holes. Instructor is PGA Professional Vernon Harbart.

Grades 2,3,4
Monday June 10 thru Thursday June 13
8:00-8:50am
Cost ~ $30

Grades 5,6,7,8
Monday June 10 thru Thursday June 13
9:00-10:30am
Cost ~ $30

Tennis Anyone?

Like swimming and golf, tennis is a sport you can learn when you're young and play it the rest of your life. You will start with a few basic lessons about how to hold and swing the racquet, how to position the feet and a little about the rules. You will leave with the ability to hit the ball over the net with some confidence and the desire to play and practice tennis.
Amber Girdler is the instructor.

Grades K,1,2 8:30-9:15am
Grades 3,4 9:30-10:30am
Grades 5,6,7,8 10:30-11:30am
Monday June 17 thru Thursday June 20
Cost ~ $30

Scrapbooking 101

Creating photo albums can be so much fun using patterned paper, die-cuts and ribbon. Bring your imagination and cool ideas and design your very own scrapbook to cherish forever or give as a special gift. Instructor is Aarin Briggs.

Grades 1,2,3,4
Wednesday, July 10 and Thursday July 11
9:00-11:00am
Cost~$30

Fifty Nifty

Join us on an adventure as we explore the United States and find out fun and interesting facts about each of the 50 nifty states! Where is the highest roller coaster located? Which state makes the most breakfast cereal? These are just a few facts you will learn with us! Instructor is Angela Anderson.

Grades 1,2,3
Monday July 8 and Tuesday July 9
2:00-3:30pm
Cost ~ $25

The Commander-in-Chief

Do you know which President got stuck in the bathtub? Do you know which President owned a pet alligator? Come and learn with us through games and fun why the former Presidents were a kooky and crazy bunch! Instructor is Angela Anderson.
