KNOWLEDGE

now!

Are you an expert in a particular field or subject?
Do you have what it takes to teach others?

Northeastern Junior College in Sterling, CO is currently seeking new, qualified part-time faculty for a variety of subject areas. Opportunities exist for daytime, evening, and online/hybrid instruction. You'll be teaching in a dynamic environment where students are eager to be engaged in the learning process. We are looking for instructors to teach the following subject areas. This is a great opportunity for graduate students.

**Accounting — Agriculture — Automotive — Biology — Business — English
History — Humanities — Management — Marketing — Mathematics
Political Science — Psychology — Sociology**

...And any other subject areas of expertise you might propose.
