

Transfer/Degrees and Programs

TRANSFER PROGRAMS

FOUR-YEAR COLLEGE OR UNIVERSITY TRANSFER CURRICULA

Transfer programs are offered to students planning to continue at a senior institution and earn the bachelor's degree. Any student who expects to transfer to a senior college from Northeastern Junior College is advised to write to the registrar of the proposed college(s) or university(s) for specific information concerning course work to be taken while attending NJC. Students who desire to pursue academic programs other than those listed should consult a counselor or faculty advisor for assistance in planning an appropriate program of study. Final responsibility for choice of program and individual course selections, however, rests with the student.

Acceptance, number of transferable credits and class standing are always at the discretion of the institution to which the student plans to transfer. Private and public four-year colleges and universities, as well as out-of-state institutions, reserve the right to handle each case individually and to evaluate all course work completed as it relates to their requirements.

The college reserves the right to substitute courses for those no longer offered, to modify course content at any time, to approve the substitution of one course for another in any program or degree, or waive any course prerequisite or corequisite.

STATEWIDE TRANSFER POLICY

- Transfer of Associate of Arts and Associate of Science Degrees. Effective for students who enter in the Fall 2003 semester, Colorado public four-year higher education institutions will honor the transfer of an Associate of Arts (AA) degree and the Associate of Science (AS) degree earned at a Colorado community college. A student who earns an AA or AS degree at a Colorado public community college including completing the state guaranteed general education courses, with a grade of C or better in all courses will transfer with junior standing into any arts and science degree program offered by a Colorado public four-year college. The credits earned in the associate degree program will apply at minimum to 35 credit hours of lower division general education and 25 credit hours additional graduation credits. Since 1988 Colorado has had an operating two-plus-two transfer

agreement that ensures a student who completes an AA or AS degree with a C or better in all courses will have junior standing, that is transfer 60 credit hours. Because all liberal arts and sciences degrees are designed to be completed in 120 credit hours, a transfer student can complete a four-year degree in the same time as a native student, 120 hours. The receiving institution will evaluate credit for prior learning, Advanced Placement, and correspondence courses following its standard policy.

- **Transfer of General Education**
Colorado's state guarantee general education courses are designed to allow students to begin their general education courses at one Colorado public higher education institution and later transfer to another without loss of general education credits. Colorado policy ensures that students who successfully complete a state guarantee general education course will receive transfer credits applied to graduation requirements in all majors at all public institutions unless a specific statewide articulation agreement exists.

The state's guarantee general education curriculum is organized into five categories: communication, mathematics, fine arts and humanities, social and behavioral sciences, and physical and life sciences. To complete the Colorado state guarantee general education core, students are required to take 35 to 37 semester credit hours and earn a C grade or better in each course. The guarantee is limited to the number of semester credit hours in each general education category.

- All state guarantee general education courses in communication, mathematics, arts and humanities, social and behavior science, and physical and life science shall be identified by a state-assigned common number.

When evaluating a transfer student's transcript, each Colorado public higher education institution will apply state guarantee general education credits to its general education graduation requirements. Institutions may require additional general education graduation requirements beyond the 35 semester credit hours of state guaranteed general education credits. If an institution requires less than 35 general education credits, the institution will accept in transfer the full 35 credits and apply these credits toward a student's graduation requirements.

- **Statewide Articulation Agreements**
An Articulation Agreement is a statewide agreement among all Colorado community colleges, and all four-year public institutions offer a particular degree program. It is most commonly used for undergraduate professional programs that have specific course requirements established by accrediting or external licensure boards.
- **Transfer Guides**
Each institution is responsible for implementing a Transfer Guide for each CCE-approved baccalaureate degree program unless a statewide

articulation agreement is in place. The Transfer Guide shall be designed so that a student can complete a baccalaureate program in no more than 120 credit hours unless there are additional graduation requirements recognized by the Commission. The transfer guide defines the 25 credit hours required beyond the state guaranteed general education credits and may include required courses in the major or prerequisite courses for admission into the degree program. The transfer guides are to be on file with CCE.

STATEWIDE ARTICULATION AGREEMENTS - Associate of Arts

The number of statewide articulation agreements continues to increase. These agreements between two and four-year institutions ensures the student will take appropriate and required courses and provide for a smooth transfer to the four year level. Students must complete all the courses with a "C" or better and no course substitutions are allowed.

A. A. STATEWIDE ARTICULATION AGREEMENT - BUSINESS

NJC Business Transfer program is designed for the student with future goals of obtaining a bachelor's degree. The transfer student can obtain an Associate of Arts degree with an emphasis in Business. The degree program contains the necessary general education courses and core business courses that enables a student to fulfill the first two years of a four-year business degree.

NJC is a participating member of the Statewide Business Articulation Agreement which ensures that a student who begins an Associate of Arts degree at Northeastern Junior College can transfer 60 credits into the Bachelor of Arts or Bachelor of Science in Business degree program at a Colorado public four-year college (i.e., 60 plus 60 agreement). Schools of Business will accept 40 general education credits and 20 credits in transferable business courses who earned an Associate of Arts in Business. The principles, policies, and guidelines in this transfer agreement apply uniformly to all students attempting to transfer credits earned at NJC into the four-year colleges and universities. The

general education and transferable business courses are course-specific and follow the same prerequisites offered at a four-year college.

Students seeking an Associate of Arts degree in Business must fulfill the requirements for the desired degree as listed below.

ASSOCIATE OF ARTS DEGREE (A.A.) (60 CREDITS) - GENERAL

The Associate of Arts (A.A.) degree is awarded to a student who successfully completes a program designed to transfer to a four-year college or university for the purpose of earning a baccalaureate degree. The student who is pursuing a particular major at a four-year institution may wish to select a particular area of emphasis described in this catalog. Students pursuing a program of study that has a Statewide Articulation Agreement must meet those requirements. These begin on page 53.

GRADUATION REQUIREMENTS AND POLICIES

1. Complete a minimum of 60 semester credits of approved coursework as outlined in the college catalog. Thirty seven (37) semester credits comprise the general education requirement depending on which mathematics course is completed. The degree requires an additional 23 credits

selected from the list of approved electives. Students should select their elective courses in consultation with their academic advisor based on the student's declared program of study and educational goal.

2. Earn a minimum cumulative grade point average of 2.0 (a "C" average).
3. Earn 15 semester credits of coursework prior to graduation through Northeastern Junior College.
4. File an Application for Graduation in the Records Office.
5. Resolve all financial obligations to the college and return all library and college materials.

All students earning an Associate of Arts degree must complete 37 semester credits of the following general education requirements.

NJC graduation requirement: Lifetime Fitness/Wellness Skills.
Requirement: Any two unduplicated credits (two 1 credit courses or one 2+ credits course)

Courses that will fulfill this requirement: Any 1 credit hour PED or DAN course excluding PED 110, 111, 210, 211 or any of the following HWE courses:

- *HWE 100 Human Nutrition on our campus (20% can add activity component)
- HWE 111 Health & Wellness
- HWE 124 Fitness & Wellness
- HWE 103 Community First Aid & CPR
- HWE 113 Standard First Aid

*HWE 100 only if taught on the NJC campus. On campus sections will contain at least 20% activity component. If taught off-campus, the instructor needs to coordinate with campus officials regarding the activity component if they want to use this course to fulfill this requirement.

Programs of study set forth by state-wide articulation agreements may be exempt from the Lifetime Fitness/Wellness Skills requirements.

Electives - 23 credits selected from the list of Approved A.A./A.S. Electives on Pages 46-47.

Elective Credits. Elective credits for Associate of Arts and Associate of Science degrees should be chosen in conjunction with the student's major and in consultation with his/her advisor. Transferability of these courses is dependent upon the transfer agreement developed with each four-year college or university. It is in the student's best interest to see an advisor before selecting electives on pages 46-47.

ASSOCIATE OF ARTS AREAS OF EMPHASIS

Art

Art courses at Northeastern Junior College assist students in improving and developing their artistic abilities. The first year art course sequence (ART 121, 122, 131, and 132) explores methods, materials and techniques as the foundation of artistic and creative development. The art courses offered at NJC benefit those students preparing for a career in one of many artistic fields such as fine art, commercial art, art education, graphic art, and interior design. Students anticipating a career outside of art are also encouraged to enroll in any of the NJC art courses.

Exhibits in the Peter L. Youngers Fine Arts Gallery provide students an opportunity to view original artwork as well as the possibility for students in art courses to display their artwork in the annual Student Exhibit.

Theatre

The award-winning NJC theatre program is designed to give students a firm foundation in the basics of the theatrical craft. Whether a student plans on a career in theatre or film, or just wants to expand his or her love of the art form, the program provides the tools to move forward in this very competitive world. The work done at NJC enables students to transfer to four-year institutions secure in the knowledge that they are grounded in the basics of the theatre world, enabling them to compete in the theatrical world at major universities. Coursework combines theoretical work and practical on-stage experience. NJC productions are open to all students regardless of major.

ASSOCIATE OF SCIENCE DEGREE (A.S.) (60 CREDITS) - GENERAL

The Associate of Science (A.S.) degree is awarded to a student who successfully completes a program designed to transfer to a four-year college or university for the purpose of earning a baccalaureate degree. The student who is pursuing a particular major at a four-year institution may wish to select a particular area of emphasis described in this catalog. Students pursuing a program of study that has a Statewide Articulation Agreement must meet those requirements. These begin on page 58.

GRADUATION REQUIREMENTS AND POLICIES

1. Complete a minimum of 60 semester credits of approved coursework as outlined in the college catalog. Thirty nine (39) semester credits comprise the general education requirement depending on which mathematics course is completed. The degree requires an additional 21 credits selected from the list of approved electives. Students should select their elective courses in consultation with their academic advisor based on the student's declared program of study and educational goal.

2. Earn a minimum cumulative grade point average of 2.0 (a "C" average).
3. Earn 15 semester credits of coursework prior to graduation through Northeastern Junior College.
4. File an Application for Graduation in the Records Office.
5. Resolve all financial obligations to the college and return all library and college materials.

All students earning an Associate of Science degree must complete 39 semester credits of the following general education requirements.

General Education Requirements

Courses that fulfill the General Education requirements are listed on pages 44-47.

Oral Communication –3 credits (CCCS requirement)

- COM 115 Public Speaking OR
- COM 125 Interpersonal Communication OR
- COM 220 Intercultural Communication

Written Communication – 6 credits

- ENG 121 (GT-CO1) and ENG 122 (GT-CO2) OR
- ENG 122 (GT-CO2) and one Advanced Writing Course (GT-CO3)

Mathematics – 3 credits minimum. (Courses range from 3-5 credits)

- MAT 121 College Algebra (GT-MA1) OR
- MAT 122 College Trigonometry (GT-MA1) OR
- MAT 166 Pre-Calculus (GT-MA1) OR
- MAT 201 Calculus I (GT-MA1) or higher

Arts & Humanities - 6 credits

Two guaranteed transfer Arts & Humanities courses:

- Arts & Expressions (GT-AH1)
- Literature & Humanities (GT-AH2)
- Ways of Thinking (GT-AH3)
- Foreign Languages (GT-AH4)

Social and Behavioral Science - 6 credits

Two guaranteed transfer Social & Behavioral Sciences courses:

- History (GT-HI1)
- Economic & Political Systems (GT-SS1)
- Geography (GT-SS2)
- Human Behavior & Social Systems (GT-SS3)

History - 3 credits

One guaranteed transfer History course (GT-HI1)

Physical & Life Sciences – 12 credits minimum

One 2-lab course sequence in any guaranteed transfer science discipline (GT-SC1) and additional guaranteed transfer lab science course(s) (GT-SC1).

- Astronomy (GT-SC1)
- Biology (GT-SC1)
- Chemistry (GT-SC1)
- Geology (GT-SC1)
- Physics (GT-SC1)

NJC graduation requirement: Lifetime Fitness/Wellness Skills.

Requirement: Any two unduplicated credits (two 1 credit courses or one 2+ credits course)

Courses that will fulfill this requirement: Any 1 credit hour PED or DAN course excluding PED 110, 111, 210, 211 or any of the following HWE courses:

- *HWE 100 Human Nutrition on our campus (20% can add activity component)
- HWE 111 Health & Wellness
- HWE 124 Fitness & Wellness
- HWE 103 Community First Aid & CPR

- HWE 113 Standard First Aid

*HWE 100 only if taught on the NJC campus. On campus sections will contain at least 20% activity component. If taught off-campus, the instructor needs to coordinate with campus officials regarding the activity component if they want to use this course to fulfill this requirement.

Programs of study set forth by state-wide articulation agreements may be exempt from the Lifetime Fitness/Wellness Skills requirements.

Electives - 21 credits selected from the list of Approved A.A./A.S. Electives on Pages 46-47.

Elective Credits. Elective credits for Associate of Arts and Associate of Science degrees should be chosen in conjunction with the student's major and in consultation with his/her advisor. Transferability of these courses is dependent upon the transfer agreement developed with each four-year college or university. It is in the student's best interest to see an advisor before selecting electives on pages 46-47.

Biology

NJC offers a comprehensive life and health sciences program. It will meet most of the entrance requirements for many of the allied health professions such as physical therapy, pharmacy, chiropractic, pre-dentistry, pre-medicine, and pre-veterinary medicine. In addition, this program is advantageous for students interested in wildlife management, forestry, or teacher licensure programs with an emphasis in biological sciences. Students will have a broad preparation and will gain the skills needed to enter some professional programs, industry or other professions including biotechnology, agribusiness, food industries, cosmetics and sales. Students entering this program should have a strong science and mathematics background in high school.

ASSOCIATE OF GENERAL STUDIES DEGREE (A.G.S.) (60 CREDITS)

The Associate of General Studies (A.G.S.) degree is available for individuals who desire to complete a broad instructional program of courses with or without constraints of specialization but with flexibility to tailor individual learning experiences. There are two types of AGS degrees. This first type of the AGS degree is designed to meet individual career goals with no intent of transferring to baccalaureate degree programs. It consists of a broad program of both career and traditional transfer courses without the constraints of specialization. Transferability of this customized degree program depends upon the courses taken and the receiving institution. Fifteen of these semester hours must be in prescribed general education courses labeled as those accepted in the State Guarantee General Education Transfer and designated as such in the college catalog. The second type of the AGS degree is used as a technical pre-professional transfer degree with a major field specified. It is designed for students to transfer into a baccalaureate degree program with junior standing, based on a written articulation agreement with one or more designated institutions. The course of study for the various fields of specialization must be outlined in the college catalog as well as the identification of the baccalaureate institution(s) that have agreed to accept the program in transfer. The other hours will be subject to the terms of the agreement with the baccalaureate institution(s).

GRADUATION REQUIREMENTS AND POLICIES

1. Complete a minimum of 60 semester credits of approved coursework.
2. Thirty (30) semester credits of the total coursework must be taken in general education and professional coursework.
3. Students should select their elective courses in consultation with their academic advisor based on the student's declared program of study and educational goal. No more than 30 semester credits of coursework are to be in Career and Technical Education prefixed courses or community education courses.
4. Earn a minimum cumulative grade point average of 2.0 (a "C" average).
5. Earn 15 semester credits of coursework prior to graduation through Northeastern Junior College.
6. File an Application for Graduation in the Records Office.
7. Resolve all financial obligations to the college and return all library and college materials.

GENERAL EDUCATION REQUIREMENTS

Students earning the Associate of General Studies degree must complete 30 semester credit hours of the following general education requirements. Any course designated as a Guarantee Transfer Course (see list on pages 44-47) will also fulfill a general education requirement for the AGS degree in the appropriate category. Additional courses are listed under the respective categories below.

 - Courses that will fulfill this requirement: Any 1 credit hour PED or DAN course excluding PED 110, 111, 210, 211 or any of the following HWE courses:
 - *HWE 100 Human Nutrition on our campus (20% can add activity component)
 - HWE 111 Health & Wellness
 - HWE 124 Fitness & Wellness
 - HWE 103 Community First Aid & CPR Lifetime Fitness/Wellness
 - HWE 113 Standard First Aid

*Agriculture transfer students pursuing an AGS degree are exempt from this graduation requirement. Effective for new students entering Fall 2011.

*HWE 100 only if taught on the NJC campus. On campus sections will contain at least 20% activity component. If taught off-campus, the instructor needs to coordinate with campus officials regarding the activity component if they want to use this course to fulfill this requirement.

Effective date: Summer 2010 to coincide with the 2010-2011 College Catalog.

SECOND ASSOCIATE DEGREE

Second Associate Degree

Students may earn more than one degree or certificate at Northeastern Junior College as long as all course requirements for each separate degree or certificate are satisfied. Additional conditions that apply are:

1. General Education Core requirements need not be repeated.
2. Cooperative Education or On-The-Job Training or Clinical credits may not be used for the second degree or certificate if any of the credits were earned for the first degree or certificate.
3. Transfer and/or originating NJC students may not be awarded a second AA, AS, or AGS degree.
4. Students may work on more than one degree concurrently.
5. No more than two degrees may be awarded (completed) for any given semester.

AGRICULTURE TRANSFER PROGRAMS

Northeastern Junior College has a long, rich tradition of strong transfer programs that are patterned after the freshman and sophomore years of the bachelor degree programs in the Colorado State University College of Agricultural Sciences. Students completing an Associate of General Studies degree in anyone of the below listed programs should be able to successfully transfer as a junior to Colorado State or other four-year colleges or universities offering degrees in agriculture or horticulture. Students planning to transfer to other four-year colleges or universities will work closely with an advisor to assure a successful transfer.
